

Adagio User Group

Philadelphia – Friday morning, June 27

Adagio & Plus Users Group

Philadelphia – Friday morning, June 27

Space is Limited !! Register early.

Network and learn about Adagio Accounting before going down the shore.

Why should Adagio users come to the meeting?

- See **new Adagio modules** introduced in the last year
- Learn about **new features** in many Adagio modules, **such as Adagio Ledger 9.0 and Adagio SalesCQ**
- **Give your feedback** to the president of Softrak Systems, Andrew Bates. He decides what new features and new modules will be introduced in the coming year. This is your chance to buttonhole him.
- **Network** with Adagio and ACCPAC Plus users
- **Get out of the office** for an enjoyable and educational session.

What should ACCPAC Plus users know about their accounting software?

- ACCPAC Plus was **discontinued** last year: [ACCPAC Plus is Dead](#)
- You can move from ACCPAC Plus to Windows accounting in **just 15 minutes**
- Adagio Accounting is the only Windows accounting software that ACCPAC Plus users can move to **without converting their data**.

Bonus: Bring a copy of your accounting data on CD or memory stick and you can see it in Adagio! It's not magic, but it is exciting.

User Group Meeting Area

Chestnut Hill Hotel Comfort & Convenience

8229 Germantown Ave
Philadelphia, PA [directions](#)
Free, on-site parking
